TIP

It is best to apply the perfume with your fingers on the so-called pulse points, i.e. where the blood pulsates and the body generates heat: on the inside of the wrists, the neck, behind your ears, in your cleavage, in the crook of your elbows and at the back of your knees. Then the perfume will fantastically develop its bouquet and stay on your skin for a long time.

Imagine that your favourite fragrance turns into an exceptional form that you can touch and enjoy without end... It melts into your skin leaving a seductive, captivating aroma. This is what Ruby Solid Parfum is like. This is the quintessence of luxury locked in a creamy texture.

THE BEST RECIPE FOR AN EXCEPTIONAL DAY

- **L.C.G.S MC 8.0®** reduces the negative effects of electromagnetic radiation, which includes, among others, UV radiation and blue light. In addition, it effectively protects your skin from oxidative stress and excellently contributes to the regeneration of the epidermis.
- **Tripeptid-38** is a new-generation, strong anti-wrinkle peptide that enhances the synthesis of 6 key ingredients regenerating your skin. As a result, it fills in wrinkles from the inside providing a visible effect of smoother and suppler skin.
- **An ultra-advanced antioxidant** that is activated only by UV radiation and provides long-lasting protection against free radicals. It will make you forget about a grey and tired complexion, and your skin will become more resistant to the negative effects of external factors responsible for the aging processes.
- **Low-molecular hyaluronic acid** is a natural polysaccharide that fills in the space between collagen fibres and, in consequence, perfectly hydrates the skin and makes it more elastic and rejuvenated.

REVOLUTIONARY INGREDIENTS THAT PENETRATE YOUR SKIN DURING SLEEP

- **L.C.G.S MC 8.0®** affects the synthesis of two proteins that are of key importance to a youthful appearance: fibronectin, which interacts with, among others, collagen and proteoglycans, and protein p53, which participates in DNA regeneration. Therefore, it has strong anti-aging effects – it regenerates the skin and keeps it smooth.
- **The newest, milder generation of the vitamin A derivative** is currently one of the most effective anti-wrinkle substances, which slightly lightens the skin and visibly improves its appearance.
- **Edelweiss meristem extract** prevents the effects of oxidative stress caused by the air pollution and UV radiation, and has strong lifting effects on flabby neck skin, optically lifts your cheeks and smooths out crow's feet. It will make you forget about a grey and tired complexion, and your skin will become fantastically firm and more resistant to the negative effects of external factors responsible for the aging processes.
- **Shea butter** is a fat extracted from the nuts of the African tree gracefully named the Mangifolia tree, which in Africa has been considered sacred and has been worshipped for thousands of years. It leaves your skin perfectly soft and hydrated.

Eye Cream COMPLEX

EYE CREAM COMPLEX

30 ml | 502030 |

FOR THE NEEDS OF DELICATE SKIN AROUND THE EYES

- **L.C.G.S MC 8.0®** – UV radiation and blue light have an adverse effect on the sensitive skin around the eyes – they cause oxidative stress, and also contribute to the appearance of wrinkles caused, among others, by excessive squinting. That is why the cream has been enriched with a complex that works in two ways: reducing the negative effects of electromagnetic radiation and facilitating the regeneration and smoothing of the skin, which slows down the aging processes.
- **A complex of an extract from Albizia julibrissin and darutoside** stimulates collagen synthesis and contributes to the skin regeneration process, optically stretching out crow's feet. Additionally, it has a lifting effect on the sagging upper eyelids, making them visibly firmer.
- **Low-molecular hyaluronic acid** has a strong ability to penetrate the skin, thanks to which it increases the firmness and elasticity of the skin.
- **Cyclic peptide and ectoine** have a deeply hydrating effect and optically stretch out wrinkles, making the skin suppler.
- **Caffeine** stimulates the micro-circulation of blood, slightly lightening unattractive dark under-eye circles.

INTENSIVE EFFECTS THANKS TO PRECIOUS INGREDIENTS

- **L.C.G.S MC 4.0®** has strong anti-aging properties – intensively regenerates and smooths the complexion. It perfectly prepares the skin for the application of other beauty products, interacting synergistically with them and enhancing their effects.
- **The latest generation of vitamin A derivative** – more delicate for the skin – currently one of the most effective substances reducing wrinkles – slightly lightens dark spots and effectively improves the appearance of your skin.
- **Lipodipeptide** by stimulating elastin synthesis, it prevents the sagging of the skin, visibly lifting the face contour.
- A valuable **phytoestrogen complex** regulates the functioning of sebaceous glands.
- A precious combination of **caviar extract** and trace elements – **gold, silver** and **platinum** – contributes to the slowing down of the skin aging processes, optically reducing wrinkles.

- A unique **Volumenic Plus MC 12.0®** compound stimulates the maturation and differentiation of fat cells and facilitates the lipids storage process. This results in the so-called cosmetic lipofilling, which causes an increase in the volume of adipose tissue in the breasts and is a great alternative to aesthetic medicine procedures.
- A **Dictyoptales-family brown algae extract** provides nourishment to adipocytes, making the breasts look larger and fuller.
- **Algae** and **pullulan complex** rich in amino acids, polysaccharides, vitamin C and B12 strengthens the subcutis fibres, maintains and corrects the shape of the breasts.

PERFECTLY SHAPED SILHOUETTE

- **Slimenum Ultra³ MC 16.0®** reduces the volume of fat deposits, excellently slimming down the body and visibly reducing the unevenness of the skin. As a result, it shapes your figure in 3D, providing effects that are comparable to those of ultrasonic procedures.
- **Xymenic acid** visibly increases the elasticity of the skin making it firmer and suppler. In addition, it enhances the capacity of the skin's antioxidative mechanisms, facilitating protection against oxidative stress and ensuring the beautiful and healthy appearance of the skin.
- A valuable combination of **sea algae** and **vegetable proteins** provide an optical lifting effect.
- **Extract from Bougainvillea spectabilis**, a valued plant from South America, is a technologically advanced ingredient that facilitates adipose tissue reduction processes and prevents the sagging of the skin, enhancing the synthesis of proteoglycans, collagen and elastin.

It is estimated that about 80% of the body's vitamin D that boosts the immunity is produced by skin synthesis under the influence of sunlight¹. Its effectiveness depends on many factors, including latitude, cloudiness, air pollution level, age or complexion. Therefore, in order to provide an appropriate dose of the sun vitamin regardless of weather conditions or individual characteristics, the National Food and Nutrition Institute (Poland) recommends its supplementation for both children and adults throughout the year.

RICH STRUCTURE

The rich structure of PURE ROYAL 500 perfume, seemingly heterogenous and contrasting, creates a surprisingly coherent history. It starts with the fresh and bright tones of citrus notes and galbanum, accompanied by distinctive angelica and saffron. Next comes the heart of this fragrance – a flower bouquet with a hint of myrrh. At the end, it takes on its final character, showing its true majesty owed to organic-wood accords.

TREATMENT

Urea is one of the key ingredients of the NMF – natural moisturising factor in the skin – and an excellent humectant, i.e. a water-retaining substance, the content of which decreases with age in the human body. A high, ten percent concentration of urea also has keratolytic effects – it facilitates the exfoliation of the calloused layer of the skin by softening and smoothing it, and improves its permeability, which enables the better absorption of other active substances contained in the product. You can walk through life with confidence with such moisturised and smooth feet.

HOW TO PROPERLY LIGHT THE CANDLE

Before each lighting, cut the wick to a height of about 5 mm, so that the flame will be stable and the candle will not smoke. Burn it for 3 to 4 hours – this will prevent tunnelling (the wax will melt evenly), and will also allow the candle to develop a full bouquet of aromas.

THE HIGHEST QUALITY STANDARD

Home Ritual scented candles meet strict requirements of the German RAL standard in terms of:

- **scent intensity,**
- **optimal burning behaviour**
- **wick quality – a strong cotton wick of suitable thickness, resistant to breaking and drowning**
- **minimal smouldering, which does not pollute the airways**
- **reduced soot, which ensures the candle looks beautiful when used**
